Wiley Systems partners with CodeMeter, a leading provider of software protection solutions, to deliver comprehensive security for its DMCA-compliant software. CodeMeter is a highly effective solution for securing digital assets, protecting intellectual property, and ensuring data integrity.

**Wiley Systems’ mission:**
To deliver high-quality software solutions that meet the needs of its customers.

**CodeMeter’s mission:**
To protect software assets from unauthorized access and use.

**Interview with Michael Schulte, President and CEO of Wiley Systems:**

**Interviewer:** What are the main areas of activity of the company?

**Michael Schulte:** Wiley Systems is dedicated to excellence in software development, project management, and security. Our goal is to ensure that our customers have access to the latest technology and services that help them meet their business objectives.

**Interviewer:** What is the role of CodeMeter in Wiley Systems’ operations?

**Michael Schulte:** CodeMeter is a critical component of our software protection strategy. It helps us protect our intellectual property and ensure the integrity of our software solutions. By integrating CodeMeter into our products, we can offer our customers a secure and reliable solution.

**Interviewer:** How does CodeMeter contribute to Wiley Systems’ competitive advantage?

**Michael Schulte:** CodeMeter’s advanced encryption and licensing capabilities give us a significant edge in the market. Its ability to protect against unauthorized access and use helps us maintain a competitive advantage in the software industry.

**Interviewer:** What are the future plans for Wiley Systems?

**Michael Schulte:** Our goal is to continue to innovate and improve our services. We are committed to staying at the forefront of technology and delivering solutions that meet the needs of our customers.
